KG1 NEWSLETTER
JANUARY 2012

Dear Mommy and Daddy,

We would like to say, “**Happy New Year**” and may this year bring you all the best of life and health. We hope all your New Year resolutions are achieved!

Here in our KG1 classes we are working hard with your children to give them the best educational experience and an easy transition into KG2.

Activities for this month:

Fruit Day

For Fruit Day, students are encouraged to bring in their favorite fruit. They will be asked information about the fruit; like name, color and what they like about it. Finally, they will share it with their classmates and have a healthy snack.

Pajama Day

For Pajama Day, students are asked to wear Pajama in going to school as a fun little break from wearing uniform. This activity is also perfect for the cold weather that we now have. They can also bring with them their favorite stuffed toys.

Here are all the things I will be learning this month

Math

Counting: 0 - 20

Writing: numbers 0-15

Concept: More than/Less than

Science

Plants/Nutrition: food that we get from plants; fruits and vegetables
